I am not Christian and all of my life I have been atheist. Learning about Zionism, Judaism, the Talmud, the satanic messianic Rabbinic Judaism and generally Israel made me realise that Satan is real and it makes me want to be closer to God. So glad I found this channel, thank you Pastor

I spent 7 years deceived into believing the Zionist entity was Biblical Israel. Only in the past 5 years have I realised this was false. I've never heard it explained like this though so thank you

I don't support anyone who thinks they are chosen over anyone else. That's just a foolish idea.

If you want to bless Israel, pray for their conversion. Don't partake in their evil by blindly supporting them.

There is a small community of Jews in Nablus who observe the Torah and not the heretical texts. They live peacefully with their Arab kin and reject the nation state of Israel, preferring to be known as Palestinians. I learned this from listening to Sami Awad, from "Christ at the Checkpoint".

You had me at "the Bible teaches that the jews are satanic". Subscribed. I left the church and won't ever go back to keep feeding on a steady diet of zionism with the Scofield Bible that I personally carried for half a lifetime.

I lost a lotta friends because of it.

Oh well...

This is fantastic! I've been quoting these Verses since I was 16, arguing with my then pastor, my parents and everyone else I loved enough to TRY and show them the truths. I'm now 44, barely anyone has listened and they all still believe in the "chosen people" narrative, regardless of how lawless and profane they behave. It's very refreshing to hear others talking about this issue as if the words are coming out of my mouth. I love this! Thank you!!

I viewed everyone the same until I came across Jewish Talmud and their views on the goyim and I haven't been the same any more. I hold so much contempt and disgust for the Talmud practitioners.

When I was first learning about Christianity, I was having trouble understanding why Christians revered the same people that had Jesus killed, so they told me to read the Bible. I did, and I was even more shocked they bought into their lies. I told my friends the truth is in front of them, but they said I shouldn't say such things and I should pray on it. I did, and it actually deepened my belief that Christians were wrong for supporting Jesus' killers who are still not sorry after 2 millennia. So I never stay quiet on the matter. I will not let anyone I encounter forget who the real problem was and is until today.
